

AUTO MAT [Automatic shoe sole cleaner]

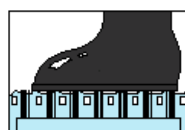

GS-313DX [Deluxe type]

AUTO MAT employs 'Water-Soak Sole Cleaning System' Gets any kind of tough stain out of safety shoe or work shoe sole treads. No conventional doormat can remove stains like this!

FEATURES OF AUTO MAT

1. Water-Soak Sole Cleaning System

AUTO MAT's unique 'Water-Sole Cleanig System' cleans soles without raising dust or spraying water, since soles are water soaked when cleaned. There is no way you can get rid of oily dirt without this cleaner. Only our AUTO MAT can perform water-soak cleaning by using a cleaner.

2. Rolling Brush

Stepping on the cleaning deck activates the sensor and automatically starts the cleaner. Brushes at your feet roll horizontally and move back and forth, right and left, to completely remove tough stains out of deep and intricate sole treads.

GS-313

[Three-way open type]

GS-414

[Walk-through economy type]

GS-515

[Walk-through type]

GS-313D/GS-414D

[Dry type]

Optimal for watertight workplaces

Removes sand and dust from soles without using water. Loosened sand and dirt fall into the tray.

Tray

WATER-ABSORBING MAT

This mat has a three-dimensional construction with continuous spores, and is made of super high-quality material used in precision-machinery or semiconductor industries. Thus, its water absorbency cannot be compared to conventional mats.
